

COMPANY PROFILE

The Nordex Group is one of the leading integrated, global manufacturers of innovative onshore wind turbine systems. In 2023, the company generated sales of around EUR 6.5 billion with more than 10,000 employees. The Nordex Group has installed wind power capacity of approx. 50 GW in over 40 markets. The production network comprises plants for turbine assembly and rotor blade production in Germany, Spain, Brazil, India, Mexico and the United States (mothballed). The head office is located in Hamburg, Germany. Founded in 1985, Nordex has 35 years of industry experience. The products of the company regularly shape the technological development of the wind energy industry, such as the current Delta4000 series.

The product portfolio includes onshore wind turbines in the power range from 4 megawatts (MW) to more than 6 MW, addressing the requirements of developed as well as emerging markets. These wind turbines allow operators to produce environmentally friendly electricity at the lowest possible cost (Cost of Energy – COE) in their respective regions. The growing service business of the Nordex Group is servicing approx. 11,400 wind turbines, with globally installed capacity of more than 35 GW.

The publicly traded holding company Nordex SE (ISIN: DE000A0D6554) is listed in the Prime Standard of the Regulated Market of Deutsche Börse and is part of the German MDAX and TecDAX index.
